

ASCOCC Council Meeting Notes 9/30/2026

Present Dallas (President), Ceydi (Student Equity Coordinator), Paige (Student Engagement Coordinator) and Lindsay (Director of Student Engagement). Ray (Director of Clubs and Communication) joined late.

No proposed changes to agenda

Dallas reviewing procedures for council meetings – level setting for the year

Adding agenda on website 24 hrs or more in advance, 48 hours or less post meeting

Dallas reviewing the structure of agenda today and for the future

We can openly share other important events (birthdays, changes in council employment, etc)

Event requests and other financial requests will be towards the beginning of the agenda to allow outside members to be here a shorter time

Lindsay is sharing that council members should review the agenda ahead of time to come prepared for agenda topics and have some ideas and opinions formed ahead of time

Talking about the possibility of using Robert's Rules of orders for our agenda and may keep it more informal

Another topic that happened in the past was voting on if the council wanted to support classified staff as they went through a union negotiation

Clarifying council vs team meetings

Holding the event proposal for Ray to arrive

Recruiting

Lists from Banner – explained what those are and how we've been outreaching

Paige updated on applicants for roles and setting up future interviews

Option to table at Wickiup and talking in front of classes to promote roles (class raps)

Discussing if we've had lots of Wickiup students on the council in the past – not a ton of engagement in the past

Possibly attending club meetings to promote open roles

Ceydi talking about club leaders being great resources to have a better pulse on what's going on and students we should connect to

Table scheduling tabling and other outreach needs for our team meeting next week

Committees

Dallas is sharing that all council members need to serve on a committee. Everyone here already has an assigned committee (on their job description)

Branch campus council meetings

Deciding where they want to meet for each term (Redmond, Madras, Prineville)

Lindsay suggesting to double up on the trip to branch campuses, maybe host an event or table on days you'll be hosting council meetings on branch campuses

Planning on Madras for the fall

Promotion through admin staff at branch campuses

Creating clear language for posters and promo

Tabletop Board Game Club Halloween Party

Officially called the Boardgame Club moving forward

Discussing logic around the date of the event

No giveaway

No funding requested

Asking for advertising support

Possible pizza coming from club fund

Ceydi asking for clarity on what advertising support they request

Advertising needs include printing posters and putting them up around campus

Dallas is the president of BG Club so he's using this as a good example of how clubs could/should be submitting event requests for the council in the future

Dallas has already reserved the space

Dallas will be making a poster for this event

Ceydi offered to share on socials as well

Approved!

Voting request

Paige presented request for buttons, stickers, donuts \$200

Approved!

Scheduling tabling events will be discussed in team meeting next week

Office decorations and digital calendar topic

Dallas discussing digital calendar vs tv for the office to share dates, office hours, etc

TV option would have a box internet program to show a calendar

Lindsay asking if there's a way to share one of the calendar options more publicly (such as to share at the branch campuses)

Ceydi asking about purpose - Dallas sharing the reasons (office hours, events, club meetings)

Lindsay makes a good point that we need to run everything through IT first

Paige and Dallas to lead starting discussions with IT

Ray suggesting we consider adding a second one in Wickiup, group discussing the actual need around this vs budgeting, etc. Maybe consider branch campus sharing

Meeting schedule

Cadence discussion

How to handle appointments that come up/other meetings

2-3pm for all meetings moving forward

Officer reports

President – light this week due to using many hours being used earlier in the month for start of term activities

Canceling Minecraft club subscription

Looked into Madras movie tickets

Director of Clubs and Communication – Updating website with club info

Setting up meetings for club renewals

Sharing Sodexo menu

Reviewed club handbook

Boardgame club and Latinx meetings have happened

Student Equity Coordinator – Joined the Q+ club meeting earlier this week to get info and good sense of students activities

Joined the diversity committee

Made a connection with Vincent to get more condoms for the food bank

Asked Vincent about comprehensive health services options and offerings, sounds like Lindsay has already started that conversation

Working on updating resource posters in the bathrooms, looking into the best resources to include

Chatted with Joey about how we can support the food bank

Had a conversation with a professor about diversity and inclusion

Announcements

Nicole has resigned due to overcapacity

ASCOCC voted to support faculty with these union negotiations

Adjournment
